Re: Albion-Sheridan Landfill - Calhoun County

Dear Phil:

Mr. Stevic of Albion-Sheridan called me November 24, 1971, to ask about liquid waste disposal. I told him if he wanted to dump it off of the licensed landfill area in the back of his property somewhere it would be okay with us if it is okay with Water Resources Commission. He said he has been in touch with a Water Resources Commission spokesman and is supposed to receive a letter approving the site for such disposal.

He also asked how we liked his progress and promised to keep improving. Apparently he either likes the health department people he has been dealing with or it's not true when he says he does not care whether he closes or not. I suggest the latter is the case.

Very truly yours,

Fred B. Kellow, Chief
Division of Solid Waste Management
Bureau of Environmental Health
